

**Welcome to the Fall 2018 Chiang Research Festival!**

You've been assigned two roles: Presenter *and* Respondent.

As a **Presenter**, you will have 12 minutes of speaking time as your test your ideas and 6 minutes of Q&A led by the Respondent assigned to you; there will be 2 minutes to move between sessions.

As a **Respondent** (look for your name in the far right column), you'll take notes on what's interesting, moderate discussion, and ask constructive questions to help the Presenter test his or her ideas.

When you're not assigned a time to present or take notes, feel free to participate in as many presentations as you like. Thanks your hard work!
