

Welcome to the Fall 2019 Chiang Research Festival!

You've been assigned two roles: Presenter and Respondent.

As a **Presenter**, you will have 12 minutes of speaking time as you test your ideas and 6 minutes of Q&A led by the Respondent assigned to you; there will be 2 minutes to move between sessions.

As a **Respondent** (look for your name in the far right column), you'll take notes on what's interesting, moderate discussion, and ask constructive questions to help the Presenter test his or her ideas.

When you're not officially presenting or taking notes, attend and participate in as many presentations as you like. Thanks your hard work!
